HOME AWAY FROM HOME

We provide a culturally safe and supportive place where every student has many opportunities to grow and become proud individuals.

They will make new friends from all over the Kimberley area, have fun and build up confidence.

All students have their own bedroom, with shared bathrooms – boys and girls dorms are separated.

Students enjoy a good feed in the dining room and get to make their own breakfast, lunch and snacks.

We cook healthy meals and have special BBQ nights and campfire cooking.

SUPPORTIVE STAFF

Our college supervisors and staff provide support to help our students to succeed at school and after school.

They assist with homework, medical care and ensure students are feeling safe and comfortable.

Staff and supervisors organise fun after school activities for students like community sports, shopping days, outings to the beach and fishing.

A PLACE FOR REAL LEARNING, AND FUN!

Our students enjoy our large basketball court, swimming pool, music room and recreational hall. As well as social activities like video games, movie nights and art activities.

Students love going on trips into Broome for special events.

FEES

We can help you with your enrolment application and with financial assistance through ABSTUDY and travel.

Get in touch with us to discuss.
