Mindarie Senior College is a mature learning environment designed to meet the educational needs of young adults completing Years 11 and 12. The College has an inclusive environment supported by a mentoring program, academic support strategies and strong pastoral care. Students can achieve their personal best and be well prepared for further study or work. The culture is built upon mutual respect and trust, centred around the College's Young Adult Ethos. The relationship between staff and students reflects a mature approach.

The College conducts classes over 4 days, with no timetabled classes on Wednesday's. This allows students to access the College for study purposes and to meet with their teachers or experience learning through structured work placement or attend training.

Education

A comprehensive education is provided with pathways leading to attainment of an Australian Tertiary Admission Rank (ATAR), Vocational Education and Training (VET) qualifications or future employment. The teachers at Mindarie Senior College are senior secondary specialists in their field, their focus is to support students as they transition from middle school to their bright and fulfilling futures. Mindarie Senior College takes pride in its ability to provide students with their first choice in subject selection due to the size of the school.

Support for students

Mindarie Senior College students transition to the College for Years 11 and 12. The College has a mentoring program. Each teacher is responsible for mentoring a group of students through their Year 11 and 12 journey. The group meet twice a week.

Student services staff are also there to assist students' development of sound emotional, physical, spiritual, social, and psychological health. Student services also have a special four-legged team member – a fully certified therapy dog. Who provides the emotional support to the students and staff.

Settling in

The College provides a mentor program for all their students. The program provides a sense of connection, familiarity, and continuity. The student's mentor is the person the student and parents communicate with for well-being and academic progress.
