Albany Residential College

A great place to live and learn

Your child enjoys a welcoming and nurturing home away from home while living in the country.

College life

We strive to provide a safe, secure, caring and supportive environment where your child can have privacy and room to grow, and importantly, where they can make lifelong friends, have fun and feel at home.

With space for up to 107 boarders, all students have their own room with boys and girls accommodated in separate wings with separate bathroom facilities. All students come together to enjoy meals in the dining room and there are a number of recreational areas offering a balance between privacy and opportunities to socialise.

Outside the college, boarders can sign up for sporting and other recreational clubs in the local community. Some boarders also choose to take on after school employment with local businesses.

A healthy balance between study and recreation is promoted so your child enjoys life as a boarder.

Supervision

Your child will be supervised by qualified professional staff members. They are dedicated to creating a wonderful boarding experience for your child, helping to develop a healthy balance between study and recreation.

Working closely with you and your child's school, supervisors encourage a team approach to the care, wellbeing and school success of your child.

Supervisors facilitate regular study sessions and tutoring; support boarders' educational and sporting aspirations; and organise all sorts of recreational, leisure and social activities.

Weekends are relaxed, with flexible wake up and bed times and plenty of opportunities to leave the college for sport, shopping, excursions and other fun activities.

Access to high quality education is provided so your child can reach their full potential.

Recreation and facilities

There is never a shortage of things to do at Albany Residential College.

Your child will have access to our indoor recreation facility which has lots of space for students to gather, with table tennis, pool table, foosball, a gaming lounge and TV.

The college also has access to the Albany Senior High School football oval, basketball and netball courts and gym.

Fees

Residential colleges offer exceptional boarding with affordable fees.

Visit education.wa.edu.au/residential-colleges for fees and allowances information.
