1. Policy statement

The Department is committed to achieving a balance between protecting students from an unreasonable risk of harm and encouraging students' independence and maximising their educational opportunities.

All Department of Education (the Department) employees have a duty of care to protect students from risk of harm that can reasonably be foreseen when students are involved in all school activities, whether on or off the Department site.

2. Policy rules

Site managers must:

- inform all employees, volunteers and external providers of their duty of care responsibilities
- apply appropriate risk management strategies to reduce the foreseeable risk of harm to students during all school activities conducted on and off Department sites
- comply with the following supporting procedures for managing risks associated with specific activities:
 - Excursions in Public Schools Procedures
 - Leisure Activities in Residential Facilities Procedures
 - Recreation and Outdoor Education Activities for Public Schools Procedures
 - Student Drivers on Western Australian College of Agriculture and Farm Based Public School Sites Procedures
 - Training With An External Registered Training Organisation (RTO) for Public Schools Procedures
 - Workplace Learning for Public Schools Procedures.

Guidance

The Department promotes positive and inclusive school communities where all members feel safe and are safe.

Site managers should use their professional judgement in discharging their duty of care responsibilities.

Non-teaching staff, volunteers and external providers have a right to refuse a request to personally care for students and to have their decision respected by members of the teaching staff. Non-teaching staff, however, have limited scope to refuse a request from teaching staff to personally care for students if, by reason of their Job Description Form (JDF), the request relates to a task they are required to perform as part of their normal duties.

Risk management involves the identification, evaluation, treatment and ongoing monitoring of risks. See the Departments Risk and Business Continuity Management policy for further information and guidance.

Principals are instructed there is an interim ban on the outdoor use of inflatable amusement structures, including bouncy castles, in public schools. Schools are also prohibited from using zorb balls. The ban applies to situations where school facilities are made available for use by third parties. Refer to [CEO Instruction - interim ban on the outdoor use of inflatable structures and banning of zorb balls](#).

Guidelines are available to support this policy and each of the Supporting Procedures.

- Duty of Care for Public Schools
- Excursions in Public Schools Procedures
- Recreation and Outdoor Education Activities for Public Schools Procedures
- Student Drivers on Western Australian College of Agriculture and Farm Based Public School Sites
- Training With An External Registered Training Organisation (RTO) for Public Schools
- Workplace Learning for Public Schools

3. Responsibility for implementation and compliance
